

**Nokia Annual Report for Computer Equipment Collection, Recycling, and Reuse  
For the Commonwealth of Virginia**

**GENERAL INFORMATION**

Calendar Year:	2009
Company:	Nokia, Inc.
Website:	<a href="http://www.nokiausa.com/recycle">http://www.nokiausa.com/recycle</a>

As required by the Virginia Computer and Recovery Act (2008), Nokia is reporting the following results of our computer equipment collection, recycling, and reuse activity within Virginia for the above calendar year:

**(1) Recovery Program Contact Information:**

Name:	David Conrad
Phone:	214-558-6732
E-mail:	David.Conrad@nokia.com

**(2) Weight of Virginia-generated computer equipment collected, recycled, and reused during the preceding calendar year:**

Pounds:	0
(November 1, 2009 through December 31, 2009)*	
*The Booklet 3G, the first of the Nokia devices to fall under regulation in Virginia as computer equipment, was first introduced in Virginia in November 2009.	

**(3) Documentation certifying that the collection, recycling, and reuse of the computer equipment complies with § 10.1-1425.38 of the Code of Virginia regarding sound environmental management of the collected materials.**

YES, Nokia certifies that the collection, recycling, and reuse of computer equipment complies with federal, state, and local law.

**SIGNATURE**

I certify, to the best of my knowledge, that the information provided on this form is accurate and complete, and meets all of the requirements of Virginia's Computer Recovery and Recycling Act (2008).
